Holiday Helper Gatefold Gift Card Holder

You're making your list and checking it twice ... and you may find that there are some on your list who would love to receive a gift card this holiday season. Gift cards can get a bad wrap ... I mean, rap. They have been accused of being impersonal.

And then there is the issue of the wrap. Most of the time, the holders that the store includes with a gift card purchase are unremarkable at best. This Star of Light bundle makes it easy to add sparkle and shine as well as a personal touch to any gift card that you give this season. Add to it this gatefold-style card, and you'll have a gift card that is sure to make a grand entrance.

TO PLACE AN ORDER CONTACT CRAFTYPERSON
(503) 285-4565 • WWW.CRAFTYPERSON.COM

STEP1: Cut a piece of Night of Navy cardstock to 5-1/2" x 11". Score at 2", 3-3/4", 7-1/4" and 9".

This is the base of your card.

STEP2: Cut two of the Silver Foil Pieces to 5-3/8" x 1-7/8". Emboss using the Holly embossing folder and Big Shot.

STEP3: Adhere silver pieces to your Night of Navy card base. Set aside.

STEP4: Cut a piece of **Whisper White cardstock** to **7-3/4" x 3-1/4"**, **scoring at 2-1/2"** along the "long" edge.

STEP5: On one side of Whisper White cardstock in the larger section (created by the scoreline), stamp the large star in Night of Navy and the large swirl in Smoky Slate.

STEP6: Turn over cardstock and stamp the star and swirl in the smaller section (created by the scoreline). You will fold this section up to the other side for the pocket. See Step 8.

STEP7: Add **Tear & Tape adhesive** to the small section of the white cardstock. This will create your pocket for the gift card.

7

STEP8: Round all four corners using the **Project Life Corner punch**. Your stamped images should be aligned similar to shown here.

8

STEP9: Adhere to Night of Navy card base, as shown.

9

STEP10: Stamp "Christmas" from the **Time of Year stamp set** and "happy" from the **Thoughtful Banners stamp set**, both in Night of Navy ink.

10

STEP11: This is where the magic happens. Grab your Big Shot -- we've got some cutting to do! Using the **Big Shot Platform** and **Precision Cutting Base**, cut out: "Christmas" using the **Bunch of Banners Framelits**; the Night of Navy oval using the **largest oval from the Layering Ovals Framelits**; and the **three stars from the Starlight Thinlits dies**.

11

STEP12: Using Fine-Tip Glue pen, adhere your stars to the Night of Navy Oval. Add one large rhinestone to the center of the star.

12

STEP13: Add **Tear & Tape adhesive** to just the right side of the oval (when laying face down).

13

STEP14: Adhere the oval to the left panel of card. Add the "Christmas" banner using dimensionals.

14

STEP15: Punch out the "happy" using the **Classic Label punch**. To make it smaller, use a sticky note and punch again. Add above the "Christmas", using dimensionals.

15

Inspiration

Here's a card using the same supplies, but much simpler! You'll make the same focal point, using the Starlight Framelits, and use it for the front of your card.
